FREQUENTLY ASKED QUESTIONS

Where are your products manufactured?

As a family run company we value the long term relationships we have built with vendors around the world. We pride ourselves on making the best products for the market, and have exclusive vendors in the subcontinent along with established partners in the UK, India, Pakistan & China.

Do you only do cricket, rugby, hockey and netball equipment?

No! We offer a huge and diverse range of multisport playing kit. We have already created kits for our schools suitable for lacrosse, horse riding, sailing, rowing, fencing and plenty more. We are currently developing a Tri suit with the help of some of our Teamsports brand ambassadors which include a GB triathlete. And the best thing about our partnership is that if we do not yet provide kit for a particular sport, we love the opportunity and challenge to work with your school to create high quality, sport specific wear.

Even though Hockey, Rugby Cricket and Netball are our major brands, we actually cover much much more.
