Acting: we expect you to know your lines for audition off by heart, and are looking for a polished performance. We will read in any lines you need, or pair you up with another student for the auditions, so practise this way at home by getting someone to read in for you.

Singing: We expect you to be able to sing your audition song with a backing track only- use the YouTube links below to rehearse- there is a version with lyrics for rehearsal only, plus the backing track we will play for your audition.

Dancing: There will be no dance auditions this year.
