Gosfield Futures

Unifrog: How To Guide

ESTABLISHED 1929

Gosfield School

What is Unifrog?

Unifrog is an online platform that provides a wealth of information and opportunities for students and parents to explore and support all things related to employment. This includes, but is not limited to:

- Psychometric testing to give suggestions on employment areas based on their skills and personality
- Search jobs opportunities based on the subjects of study
- 'How to' guides that cover diverse subjects including: personal statements, preparing for assessments, finance; C.V. writing, and employment pathways.
- Online courses that can help upskill students on a range of topics
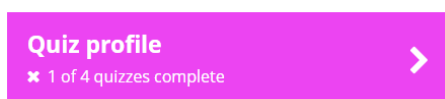

How do I access Unifrog

Students: please use this link. You can sign in by using the 'Sign in with Microsoft' button.

Parents: please use this link to create your account. Parents are able to use the email addresses that are on our system. This will link your account to your child's account.

Useful Areas to Explore

1. Quizzes

Navigate down to the tile below.

Skills profile
✖ Quiz not taken >

Quiz profile
✖ 1 of 4 quizzes complete >

This is one of the most powerful and useful areas for students to start their journey.

To do this, please

1) Click on quizzes
2) Choose the quiz type and answer the questions

Once this is complete, scroll down to the 'search careers and subject libraries' where you can choose to search either by career or subjects linked to the results of the quiz to give bespoke future based information.

Search the Careers and Subjects libraries

2. Courses

Once students have explored possible jobs, they may wish to explore the 'courses' section. This is a great way to enhance your CV and show levels of experience, but also to enhance student's understanding of the subject areas that interest them. There is also the opportunity for virtual work experience in some areas.

Navigate to:

Courses
✖ No courses added   ❯

Students should then choose from the subject or area that interests them.
